PRESS COMMUNIQUÉS

Dated Fort St. George, the 4th April 1939

No. 378.—

1 *Emigration of Indians overseas.*—A large number of British Indian subjects and subjects of States in India proceed to countries overseas for the purpose of engaging themselves in skilled or unskilled work. Emigration of Indians overseas is controlled by the provisions of the Indian Emigration Act, 1922 (VII of 1922), as subsequently amended and the rules framed thereunder. The Act applies to any person of Indian parentage including a subject of a State in India departing out of British India by sea or land either under an agreement to work for hire in any country beyond the limits of India or who is assisted to depart otherwise than by a relative, if he departs for the purpose of, or with the intention of, working for hire or engaging in agriculture in any country beyond the limits of India.

2 *Unskilled workers.*—Emigration of unskilled workers out of British India except in conformity with the provisions of Chapter III of the Indian Emigration Act, and the

rules framed thereunder is prohibited. No person may emigrate or assist another to emigrate except to such countries and on such terms and conditions as the Governor-General in Council, by notification in the *Gazette of India*, may specify in this behalf. Unskilled work includes engaging in agriculture.

3. *Skilled workers.*—Emigration of Indians out of British India for the purpose of skilled work is governed by Chapter IV of the Indian Emigration Act. For the purposes of the Act, " skilled work " means—

(1) working as an artisan such as mason, carpenter, blacksmith, goldsmith, chauffeur, winchman, etc., or

(2) working as a clerk or shop assistant, or

(3) working for the purpose of any exhibition or entertainment such as musician, piper, bandsman, actor, athlete, etc., or

(4) service in any restaurant, tea-house, or other place of public resort, or

(5) domestic service, or

(6) working as a nurse, midwife, or telephone operator, or

(7) any other occupation which the Governor-General in Council may, by notification in the *Gazette of India*, declare to be skilled work.

Any person who desires to engage, or to assist, another to emigrate for the purpose of skilled work should apply in the first instance to the Protector of Emigrants concerned and should supply him with information as to the terms of the agreement under which such person is to be engaged. Agreements between the employer and the employee registered in the office of the Protector of Emigrants in India may be filed with the Controller of Labour, Malaya, within one month of the arrival in Malaya of the person emigrating to that country. On being so filed, the agreements would, under the Malayan Labour Code, become enforceable in Malaya.

It is desirable that persons who are engaged or assisted to emigrate should be in possession of a certificate in Form 13 issued under rule 39 (1) of the Indian Emigration Rules or of an endorsement from the Protector of Emigrants to the effect that the provisions of the Indian Emigration Act have been complied with in their case. The production of such evidence will save the person emigrating from further enquiries in connexion with his departure by sea from India.

4. *Ordinary passengers.*—Other passengers who claim that they are not persons emigrating within the meaning of the Act, should be in possession of certificates to that effect. These certificates may be obtained either from a Stipendiary Magistrate appointed under the Code of Criminal Procedure, 1898, under section 3 (2) of the Act or from a Protector of Emigrants under section 4 (*f*) of the Act.

5. The possession of a passport does not exempt a person to whom the Indian Emigration Act applies from the necessity of compliance with the provisions of that Act. If he does not belong to the category of persons emigrating, the provisions of paragraph 4 above will apply.

6. Any person who is in doubt regarding the application of the Act, either to himself or to those accompanying him may apply to the Protector of Emigrants at Madras, Negapatam Mandapam or Tuticorin for advice.

7. Any person emigrating or engaging or assisting others to emigrate except in conformity with the provisions of the Indian Emigration Act, 1922, and the rules made thereunder is liable to be prosecuted and fined by a criminal court.

Dated Fort St. George, the 9th May 1939.

No. 370.—

In G.O. No. 1116, Development, dated the 28th April 1939, the Government appointed Mr. S. V. Ramamurti, I.C.S., Commissioner of Labour, Madras, as Arbitrator in the dispute between the Oriental Salt Company, Limited, who are lessees of the Jagannaikpur Salt Factory at Cocanada and the workers employed in the factory. The Arbitrator has submitted a copy of his Award to Government. The Government direct that it be published in the *Fort St. George Gazette*.

APPENDIX.

Award of the Arbitrator, Mr. S. V. Ramamurti, I.C.S., Commissioner of Labour, Madras, No. C. 4-2014/39, dated the 5th May 1939.

The Government have appointed me as Arbitrator in the dispute between the Oriental Salt Company, Limited, who are lessees of the Jagannaikpur Salt Factory at Cocanada and the workers

employed in the factory. The dispute has arisen as regards the fair rates of wages to be paid to the workers and both sides have agreed to abide by the decision of the arbitrator appointed by the Government. It has been agreed that the rate of wages to be fixed by me will be applicable with effect from the date when recent strike at the factory has been called off.

The number of workers at the factory varies from about 30 to 100. The daily wage of a worker working at irrigation and scraping of salt is As. 4-6. The employers also pay the wages of one labourer to bring food for every ten workers. The hours of work are said to be from about 7-30 to 12 and 2-30 to 5-30 or 6 p.m. If a worker comes for work before 7 a.m. he is paid half anna extra for the day.

The Inspector of Salt, Penugudura Circle, has enquired about the wages of workers employed at Penugudura and Gurzanapalli Salt Factories which are about six miles from Cocanada. They are paid on the average 5 to 6 annas a day. The workers at these factories live in villages about a mile or two off while a large number of workers at the Jagannaikpur Factory come from a village 6 miles off.

Cocanada is a municipal town. Wages paid to labour in an urban area need to be higher than in rural areas. Three merchants at Cocanada have expressed their willingness to pay 6 annas a day to a male worker. The hours of work at Jagannaikpur in the case of a man who comes after 7 a.m. are nearly the same as those at Gurzanapalli where they are stated to be 6 to 11 a.m. and 2 to 6 p.m.

I therefore hold that 6 annas a day is a fair rate of wages to a daily worker at the Jagannaikpur Salt Factory. When this wage is paid, the payment made for carrying food for workers living at a distance need not be separately made as an urban wage takes into account increased cost of living in an urban area or increased effort in walking to work from a rural area. The hours of work to which this wage of 6 annas is applicable would be the same as those to which 4½ annas has been hitherto applicable.

During the enquiry it was brought to my notice that the work of transport of salt is given on contract to groups of workers at certain contract rates—e.g., Rs. 19 a heap from a portion of the factory. It was alleged that these rates were based on the wage hitherto earned by daily workers and was expected to yield on the average about the same wage to the members of the group. I do not consider that the contract rates come within the purview of arbitration as regards fair rates of wages to workers but it is fair and necessary that the contract rates be re-examined and re-fixed by the employers as a result of increase in the rate of daily wages which I have held to be fair. I trust that the employers will act accordingly.

Dated Fort St. George, the 5th May 1939

No. 280.—In G.O. No. 771 dated 29th March 1939, the Government appointed Mr. D. N. Strathie, O.B.E., I.C.S., as a Court of Enquiry to enquire into the dispute that had arisen between the Management of Sri Meenakshi Mills, Ltd., Madura, and the workers of the Mills, belonging to the Madura Labour Union. Sri Varadarajulu Nayudu on behalf of the Union and Sri K. Thyagaraja Chettiyar on behalf of the Mills executed an agreement to abide by the decision of the Court of Enquiry on the several issues referred to it. The Court of Enquiry has submitted its award in two reports, dated 31st March 1939 and 27th April 1939, respectively. The Government direct that these reports as well as a copy of the document of submission to arbitration, dated 29th March 1939 be published in the *Fort St. George Gazette*.

A

Letter from D. N. Strathie, Esq., C.I.E., I.C.S., Member, Board of Revenue, to the Secretary to Government, Development Department, dated Camp, Madura, the 31st March 1939.

[Labour—Strike—Sri Meenakshi Mills, Madura—Court of Enquiry.]

In the circumstances detailed in G.O. No. 771, as modified on 29th March 1939, I was appointed as a Court of Enquiry to hold such enquiry as I deemed fit and to give my award on the following points:—

(1) Whether the Union of which Sri Varadarajulu Nayudu is said to be the Secretary has been regularly and properly constituted with reference to its office-bearers, funds, meetings and other matter and is managed constitutionally

(2) Whether the said Union can act on behalf of the labourers of the Sri Meenakshi Mills.

(3) Whether the strike called by Sri Varadarajulu Nayudu was legal and authorized.

(4) Whether the strike is justified for any of the reasons alleged by the Secretary of the Union and 'any way out' had been tried.

(5) Whether there was violent propaganda and picketing.

(6) Whether the five workers dismissed and suspended have to be reinstated.

(7) Whether such reinstatement is called for in the ends of justice and whether such reinstatement is likely to affect orderly work and discipline in the Mills.

(8) Whether the majority of the workers under the management is represented in the Union or not, and if not, whether the management of the Mills is bound to settle with the Union any differences between the management and the workers.

(9) Whether the lightning strike on 9th March 1939 at 2 p.m. was legal and what were the causes of it.

(10) Whether the strikes on the 10th and 11th were proper and legal.

(11) Whether the strikers in the above three strikes have to be reinstated and if so on what terms and conditions with special reference to the new hands employed in their places.

2. The management's case on the first point is set out in the following letters of Mr. Thyagaraja Chettiyar.—

(a) To the Commissioner of Labour dated 23rd December 1938

(b) To the Hon'ble the Prime Minister, dated 4th January 1939.

(c) To the Commissioner of Labour, dated 10th January 1939.

(d) To the Commissioner of Labour, dated 10th February 1939

(e) To the Hon'ble the Minister for Industries and Labour, dated 2nd March 1939

They are filed as Exhibits A to E. Briefly put Mr. Thyagaraja Chettiyar's case is that Mr. Varadarajulu Nayudu's Union is not properly constituted and managed, that its President Mr. B. Shiva Rao is never in Madura and takes no interest in the management, that its office-bearers are not properly elected, that its funds are not properly invested in short it is a one man show, run entirely by Mr. Varadarajulu Nayudu for his own ends. In answer Mr. Varadarajulu Nayudu has filed the articles of association Exhibit VII, and the audit returns and certificates for the years 1930-31 to 1937-38 (1930-37 missing). Exhibits I to VII. He has also filed the old minute book (Exhibit IX) which had been filed before the District Judge in 1937, a letter paper containing the proceedings of the general body meeting dated 25th December 1938, and various meeting notices, Exhibits XI, XII, XIII and XV. These show that the Union has been regularly and properly constituted, that the office-bearers have been properly elected, the funds invested in a bank and meetings conducted. Initially the Union worked on a loan of Rs. 700 from the All-India Trade Union Federation, Bombay, and on such collections as were made (they were meagre). By 1932-33 there was already a debit of Rs. 404. The balance sheet then showed Rs. 350 as owing to the Federation and Rs. 102-8-0 to the Secretary, Mr. Varadarajulu Nayudu. The last audit certificate of 1937-38 shows expenditure of Rs. 1,512-15-3 and collections of Rs. 2,598-10-0 with the debt to the Secretary cleared off and Rs. 350 still owing to the Federation. The mills management were disposed to question the correctness of the accounts and to ask me to check the audit certificates. I declined to do that, as I held that there was no reason to doubt the certificates of the Government officers who audited the accounts and that a detailed enquiry into their accuracy was beyond the scope of my enquiry. The auditors have on several occasions drawn attention to various defects, e.g., that the funds were invested in the name of Sri Varadarajulu Nayudu. But they are such as occur in many trade unions and co-operative societies and I am satisfied there is no reason whatever of suspecting any malpractices or misuse of the Union's funds. As regards meetings, the record is admittedly incomplete. The proceedings of the executive committee were fully and properly recorded in the early days of the Union. From 1934 however there is record only of the annual general body meeting and since 21st March 1937 when the minute book was filed in court there is only the rough record of the meeting on 25th December 1938. All this indicates that the Union has not been managed quite constitutionally. There is the usual failure to comply with all the requirements of the rules. Till recently, when the Union was recognized by the Madura Mills, there was however ample excuse for these minor irregularities. The Union was struggling for its existence. Members attending meetings were in danger of losing their employment and with a cash balance of about Rs. 6 and constantly varying membership there was little need for meticulous accuracy in all proceedings. During the last six months however there has been a great change. The Union was recognized by the largest employer of labour and its membership has increased enormously. (In January 1939, Rs. 1,016 subscriptions were collected and in February, Rs. 2,007-8-0 with Rs. 6,280 from the Madura Mills' house to the Building Fund). There is now a sum of Rs. 12,000 invested. It is therefore high time that the management of the Union should be put on a more constitutional basis less dependent on the will and power of one man. To that extent I hold that Mr. Tyagaraja Chettiyar had grounds for his complaints against the Union and for pressing for reform. I would urge that immediate steps be taken to revise the constitution. The minimum essentials are, I think, to ask Mr. Shiva Rao to resign the office of President, if he is unable to settle in Madura, and to elect a prominent local gentleman as President and to appoint a separate Treasurer

3. On the second issue—whether the said Union can act on behalf of the labourers of the Meenakshi Mills—I have no hesitation in finding in the affirmative. The Union is already recognised by the Madura Mills and is doing very successfully and wisely with all their labour questions. There is no other registered trade union for textile workers in Madura. It is extremely desirable that there should be only one Union of Textile Workers in Madura and that I believe is Government's policy—a policy too which must be known to Mr. Tyagaraja Chettiyar. This union too already contains many members from the Sri Meenakshi Mills. In March 1939 the collection books so far returned show Rs. 121 as having been collected in the Sri Meenakshi Mills, which covers about 900 members out of the 2,200 employed in these Mills. The membership register, compiled up to December 1938 for election purposes, shows many Meenakshi Mill employees as having paid subscriptions regularly for six months. I fully believe Mr Varadarajulu Nayudu's statement in evidence that the regular membership from these Mills was between 350 and 700. I would never accept the proposition put forward by Mr. Tyagaraja Chettiyar during the discussions, that a Trade Union in India cannot act on behalf of the labourers in a particular mill till it has secured a majority of the labourers as its members. I am of opinion therefore that Mr Tyagaraja Chettiyar should have recognised Varadarajulu Nayudu's Union and should have negotiated with it, though he was no doubt right in putting forward his claim for the reconstitution of the union. My complaint against him is that he did not press this claim sufficiently vehemently.

4. The third issue is whether the strike called for by Mr. Varadarajulu Nayudu was legal and authorised. This strike was called in a notice, dated 27th February 1939, purporting to record the proceedings of a general body meeting of the workers of the Meenakshi Mills held on 26th February 1939. It demands the reinstatement of victimised workmen and the payment of a bonus and gives 10 days notice of a strike. I have no doubt that the meeting did take place on 26th February 1939 and that it was largely attended by workers from the Meenakshi Mills. I have no doubt too that the resolution was carried by a show of hands. The threatened strike was certainly not illegal within the terms of section 16 of the Trade Disputes Act VII of 1929. Nor was it unauthorised for the existing rules of the union do not require a ballot or any other detailed procedure before embarking on a strike. I accordingly find this issue in the affirmative.

5. The next issue is whether the strike is justified. Before giving a finding on this, it is necessary to state the facts. After the notice of 27th February 1939, nothing definite occurred till the night of 9th March 1939. At 2 a.m. on that night a body of about 50 workers created a disturbance and rushed out of the mill (details will be given under issue 9). The next day a worker called Muthiah was suspended for an alleged assault on an other. This and the excitement and ill-feeling over the incident on the 9th night led to about 130 workers absenting themselves. There were further suspensions on the 11th and another 200 labourers went on strike. Next day was Sunday and by Monday morning (13th) the strikers numbered about 800. It is, I believe, a fact that the strikes of the 9th and following two days were not "official". They were certainly not induced by Mr Varadarajulu Nayudu and my belief is that he did not approve of them. The workers took matters into their own hands. The reports of the meeting on 12th (Sunday) show that by that date he had accepted the situation and the strike began officially on 13th. That was the date on which the strike notice of 27th February 1939 was taken to have expired, 9th and 10th being pay days and 11th and 12th the holiday week end. The question then is whether the reasons put forward in the strike notice justified a strike. I hold that they did not. The second reason—bonus—can be disposed of easily. It was undoubtedly a demand for a bonus out of profits, i.e., a profit-sharing on the lines of that recently granted by the Madura Mills. In September the Madura Mills had announced that they would give a bonus to their workers if their dividend on their revised capital amounted to 10 per cent or over. Their financial year ends on 31st December and on 18th February they distributed a bonus of ½ month pay to regular workers. On 2nd October 1938, the Sree Meenakshi Mills Company had issued a notice similar to that of the Madura Mills promising a bonus if the dividend on their ordinary shares was over 6 per cent. Their financial year ends on 31st March. The profits for the year 1938-39, therefore, could not have been ascertained by 27th February 1939. Mr. Varadarajulu Nayudu contends that he was referring to their profits of the previous year. The management had made no promise regarding a bonus on past years' profits and must have made no promise regarding a bonus on past years' profits and must had made no promise regarding a bonus on past years' profits and must had made no promise regarding a bonus on past years' profits and must had

He could for instance have secured a Court of Enquiry before and not after the declaration of a strike. I believe that Mr Varadarajulu Naidu realizes this, that the actual strike was not his wish that his members realizes this, that the actual strike was not his wish that his members became out of hand and that he was carried forward by the force of events.

6 Issue (3).—There was undoubtedly violent propaganda by both sides and picketing attended with violence. This is proved by the Police Report, Court Exhibit I.

7. Issue (6).—Whether the five workers dismissed and suspended have to be reinstated. The five workers referred to are Subbiah, Ditchan and Perumal in one group and Narayanaswami and Raju in another. The first group were caught collecting subscriptions on or near the Mill about 10th December—subscriptions for the Union or on behalf of the defence in a case resulting from the murder of Mr Tyagaraja Chettiyar's chauffeur who had been stabbed while attended a workers' meeting. Subbiah was the brother of one of the accused in that case. They were called before the management and told they should disassociate themselves from the Union. They were given time to state their defence. The reasons alleged do not matter. They were given time to state their defence. They did not appear as directed. Subbiah was on leave for ten days soon. They did not appear as directed. Of the other two Ditchan went and was then told he had been dismissed. Of the other two Ditchan went and was then told he had been dismissed till 1 p.m. when he was ordered to work on the Monday morning and worked till 1 p.m. when he was ordered to be the mantry and sent away. Perumal was on leave that day. They both went to work again on the Tuesday and were forcibly ejected and refused demanding an order in writing and were forcibly ejected and refused demanding an order in writing, and were told to clear out. They refused demanding an order in writing and were forcibly ejected and refused demanding an order in writing

hour slightly. The strike was certainly not legal. A grievance such as this should have been quietly represented to the Managing Director. No such representation was ever made. The lightning strike is an example of the indiscipline prevailing among a large body of the workers.

11. I find that the strikes on the 10th and 11th March were not proper and legal. They were not the direct result of the action of 27th February 1939 and were not intended by the Union Leaders.

12. The last issue is the most difficult and important—whether the strikers should be reinstated. I find that in the circumstances of the case they do not deserve to be reinstated. The real cause of all the recent trouble has been the management's refusal to recognise the Madura Labour Union. The Meenakshi Mill workers have no other special grievance. Their wages are practically on the same level as the Madura Mills and they have equal privileges. The question of recognition of the Union was not of immediate and pressing concern to the workers and it should emphatically have been settled without resort to a strike. I am confident that Mr. Varadarajulu Nayudu did not wish to have a strike and that the notice he served on the management was merely intended to bring matters to a head and to force the authorities to take action. The strike was the result of indiscipline among the labourers themselves and they must suffer for it. There is no question in this case of causing unnecessary suffering to workers in general. For the workers who have been taken on by the Meenakshi Mills management are all skilled men and women who have been thrown out of employment by the recent reduction in the staff of the Madura Mills. They are just as deserving of employment as the strikers. Mr. Varadarajulu Nayudu has urged that it would be contrary to all Trade Union principles and a death blow to the movement if "blacklegs" are encouraged and the strikers not reinstated. I do not agree. When workers are in the wrong, as they were in this case (even allowing for a certain amount of justification through the undeserved dismissals), they must learn to take the consequences. I am not overlooking the implications of my finding on the peace of the City and the development of the Trade Union Movement. In the light of my decision the work of the police should be easier than it was before the enquiry and the strength of the Madura Labour Union will not be diminished nor its influence for good curtailed by the fact that some of its members have to suffer for precipitating an unjustifiable strike. On the contrary I hope that my decision will result in an improvement of discipline and an increased readiness to abide by the advice of their intelligent and reasonable leader. The most I can ask of the management is that they should bear no ill-will against the strikers and take them back when the normal working of the mill with 2½ shifts is resumed and when vacancies occur—and this they have promised to do. As the attendance of mill workers is still very irregular I believe that many of the strikers will soon secure employment on these terms.

B

Letter from D. N. STRATTON, Esq., C.I.E., I.C.S., Member, Board of Revenue, to the Secretary to Government, Development Department, dated 27th April 1939.

[Labour—Strike—Sri Meenakshi Mills, Madura—Court of Enquiry.]

As it has been pointed out by Government that my directions on the last issue are incomplete and not clear and definite, I request that the following be added at the end of my first report:—

(a) As regards wages, as I am not ordering reinstatement of the strikers I direct that the strikers should be paid their wages up to the date when they left work without the deduction permitted by the proviso to section 8 (2) of the Payment of Wages Act.

(b) I have found that I cannot order the reinstatement of the strikers as a matter of right. But I direct that the management should make every endeavour to reinstate the strikers as soon as this can be done without throwing men already employed out of employment. If any of these men employed absent themselves or if additional hands are required through an extension of the hours of working no new workers should be taken in; but the vacancies should be given to those now on strike.

2. I also desire to take this opportunity of correcting a mistake I made in drafting my previous report. For the word "legal" in the third last sentence of paragraph 10, I would like the word "justifiable" to be substituted. At the beginning of that paragraph 10, I would like to insert "The ninth issue as drafted was whether the lightning strike on 9th March 1939 was legal." It was agreed by both parties, during the discussion, that the word legal should be altered to "justifiable."

C

An agreement made this 29th day of March 1939, between the Sree Meenakshi Mills, Limited, represented by its Managing Agents, Sri K. Tiruvengada Chettiyar on the one part and the Madura Labour Union, represented by its Secretary, Sri S. R. Varadarajulu Nayudu on the other part.

Whereas dispute has arisen between the workers employed at the Sree Meenakshi Mills and the management of the said Mills regarding the issues appended hereto.

And whereas it is considered desirable to refer the matter to a Court of Enquiry by a person appointed for the purpose by the Government of Madras.

It is hereby agreed between the parties hereto as follows:—

(1) The issues between the parties hereto appended is hereby referred to the award and final determination of the Court of Enquiry as appointed aforesaid.

3

(2) The said Court of Enquiry shall make its decision concerning the matter so referred on or before the 3rd day of April 1939 next or within such extended time not exceeding thirty days after that day as the said Court shall determine.

(3) The reference may proceed ex parte in case either party shall fail after reasonable notice to attend the proceedings at any stage.

(4) The decision of the said Court shall be final and binding on the parties.

In witness whereof the parties hereto have set their hands and seals to this agreement on the day and year first above written.

vessels that are classed as "suspected", not on account of the occurrence of any disease on board but merely by reason that they have sailed from or touched at a particular port, it shall be permissible for the pilot, boarding officer or other officer authorised in this behalf, if acting on the general or special instructions of the Health Officer, to treat the vessel as "healthy" and to allow *pratique*

7. If after a vessel has arrived within port limits a case or suspected case of any of the diseases specified in rule 3 occurs on board, the master shall hoist the signal prescribed in rule 4 for "infected vessels", shall stop all communication with the shore and shall immediately report the circumstances to the Health Officer.

8. Every medical practitioner, who becomes cognizant that any passenger on board or any member of the crew or any person employed on board any vessel in the port is suffering from any of the diseases specified in rule 3, shall immediately give notice thereof by telephone and in writing to the Health Officer.

All infected or suspected vessels shall stop at such place as the port as the relevant port authority shall, in consultation with the Health Officer, provide in this behalf and shall not enter any dock or come along-side any wharf or have communication with the shore until authorized to do so by the Health Officer or on the conditions specified in the proviso to rule 6 by the pilot, boarding officer, or other officer authorized in this behalf.

10. 11. Healthy vessels, which, while in port do not desire to have communication with the shore shall, on arrival, hoist the code over Q flag by day, and the International Code 8 guaI by night meaning—"I have not free *pratique*" (as provided for in rule 4)

A vessel shall be regarded as not having communication with the shore if making a call of less than twenty-four hours and if, either with the shore or with any other vessel in the port, it has no communication of such a nature as to render possible the conveyance of any of the diseases specified in rule 3 of these Rules from the vessel to the shore or to any other vessel in the port or *vice versa*

Such vessels shall be subject to such restriction under these Rules as the Health Officer may impose.

12. In the case of all infected vessels the Health Officer shall, and in the case of all other vessels the Health Officer may, proceed on board and examine the vessel, and the master of the vessel shall give him every facility for the examination of the passengers, crew, personal effects, cargo, provisions, water-supply and any part of the vessel the Health Officer considers it necessary to examine. The Health Officer may require a written declaration from the medical officer (if any) of the vessel or from the master or from both, stating whether any death or sickness from an unknown or suspicious cause or any case of any of the diseases specified in rule 3 has occurred on board the vessel either during the voyage or before her departure, and with reference to plague, whether any unusual mortality has been observed among rats on the vessel. If the Health Officer is satisfied that such deaths or cases of sickness as may have occurred were not due to any of the diseases specified in rule 3 he shall permit the vessel to proceed to the usual place of anchorage or berth in the harbour and to discharge passengers and cargo without further restriction. If the Health Officer is not so satisfied, he shall proceed as provided in these Rules. Inspection by the Health Officer under this rule shall not be undertaken between sunset and sunrise except in such unusual circumstances as imply, in the opinion of the Health Officer, a departure from this usual procedure.

13. As the result of every inspection carried out under rule 12 the Health Officer shall classify the vessel as infected, suspected, or healthy, in accordance with the definitions given hereafter.

14. (1) All cases of plague, cholera, yellow fever, typhus and small-pox shall be removed from a vessel on diagnosis by Health Officer. The removal of persons who have been in contact with such cases may be enforced by the Health Officer if after full consideration of the circumstances he considers that such removal is necessary to prevent the spread of the disease.

(2) In the case of the other diseases specified in rule 3, the removal of such sick persons and their contacts as are bound for an onward port shall be enforced by the Health Officer only if he considers such action necessary on account of lack of facilities for isolation or treatment on board the vessel

(3) Whenever a person suffering from one of the diseases specified in rule 3 remains on board, the Health Officer may, in his discretion, limit communication between the vessel and the shore or between the vessel and any other vessel in the port

15. The Health Officer shall inform the Municipal or Corporation Health Officer in all cases in which he arranges for the conveyance of a patient to a sanatorium or hospital or other place within municipal or Corporation limits, and shall furnish the Municipal or Corporation Health Officer with the address of any private residence to which he permits the removal of a patient.

16. Where plague, cholera or small pox, is the disease on account of which the vessel is deemed to be infected the Health Officer shall offer free of charge inoculation, vaccination or revaccination as the case may be, to all persons on the vessel willing to be operated upon and shall cause to be inoculated, vaccinated or revaccinated, as the case may be, free of charge, if their guardians or those in charge of them consent, all minors whom he may consider to be in a suitable physical condition for such operation.

17. In the case of a vessel infected or suspected to be infected with any of the diseases specified in rule 3, the Health Officer may, whenever he considers it necessary and practicable, intimate by letter or telegram to the health authorities of the Province or Indian State concerned the date of departure, route, number of persons and ultimate destination in the respective Province or Indian State of any of the passengers from the said vessel.

SPECIAL RULES ON ACCOUNT OF PLAGUE.

18. *Infected vessel.*—A vessel shall be regarded as infected—

(1) if it has a case of human plague on board, or

(2) if a person on board the vessel developed plague more than six days after his embarkation, or

(3) if plague-infected rats are found on board.

Suspected vessel.—A vessel shall be regarded as suspected—

(1) If a person on board the vessel developed plague within the first six days after his embarkation, or

(2) if investigations regarding rats have shown the existence of an unusual mortality amongst them without determining the cause thereof.

The vessel shall continue to be regarded as suspected until it has been subjected at a suitably equipped port to the measures prescribed in this behalf by these rules

Healthy vessel.—A healthy vessel is any vessel other than an infected or suspected vessel as defined above.

A vessel shall be regarded as healthy, notwithstanding its having come from an infected port if there has been no human or rat plague on board either at the time of departure or during the voyage or on arrival, and if the investigations regarding rats have not shown the existence of an unusual mortality amongst them

19. In the case of plague-infected vessels—

(a) before *pratique* (which shall be in writing) is given.—

(1) The vessel shall be inspected and all persons on board shall be medically examined by the Health Officer;

(2) All persons suffering from plague shall be disembarked and isolated;

(3) All persons suspected to be suffering from plague shall be disembarked and placed under observation,

(4) In the case of persons who have been in contact with a case of plague, the Health Officer, after taking into consideration the date of the last case, the condition of the vessel and all relevant circumstances, may either—

(a) place such persons under observation; or

(b) place them under surveillance; or

(c) subject them to a period of observation followed by a period of surveillance.

Provided that the total duration of these measures shall not exceed six days from the date of the arrival of the vessel in the port.

During the period of the application of the measures specified under this sub-clause the Health Officer may, in his discretion, prohibit the members of the crew from leaving the vessel.

(5) Bedding which has been used, soiled linen, wearing apparel and other articles which, in the opinion of the Health Officer, are infected shall be disinfected and, if necessary, disinfected;

(6) Those parts of the vessel which have been occupied by persons suffering from plague or which, in the opinion of the Health Officer, are infected shall be disinfected and, if necessary, disinfected;

(7) The Health Officer may require deratisation of the vessel before unloading cargo, if he is of opinion, having regard to the nature of the cargo and the way in which it is loaded that it is possible to effect a total destruction of rats on board before unloading. In such case, the vessel may not be subjected to a further deratisation after unloading except in the circumstances mentioned in sub-rule (8). In other cases the complete destruction of rodents on board shall be effected when the holds are empty. In the case of vessels in ballast, this process shall be carried out as soon as possible and in any case before cargo is taken;

(8) When before or during the course of unloading cargo, plague-infected rats are found on board, or when it has been established that there exists on board an unusual mortality amongst rats, the cause of which has not been determined, the Health Officer may require the deratisation of the vessel before or during the unloading of cargo. If during the course of unloading or after the unloading of cargo, live rats are again found, a fresh deratisation may be carried out; provided that of the deratisations thus effected only one shall be undertaken at the expense of the owners of the vessel;

(9) If a vessel is to unload a part of its cargo only, and if the Health Officer considers that it is impossible to carry out complete deratisation, the said vessel may remain in the port for the time required to unload that part of its cargo; provided that all precautions are taken to the satisfaction of the Health Officer to prevent rats passing from the vessel to the shore, either during unloading or otherwise.

(b) Unloading shall be carried out under the control of the Health Officer, who shall take all measures which, in his opinion, are necessary to prevent the infection of the staff engaged on this work. The staff shall be subjected to observation or to surveillance for a period not exceeding six days from the time when they have ceased to work at the unloading of the vessel.

20. When the measures prescribed in rule 19 (a) have been duly taken in respect of any infected vessel, the Health Officer shall grant *pratique* (which shall be in writing) provided that, if subsequent to the grant of the above certificate, a case of plague or of illness suspected to be plague, occurs on board or if an unusual mortality amongst rats is discovered, the certificate shall become invalid and the vessel shall again become subject to the requirements of the rules regarding infected vessels.

21. In the case of plague-suspected vessels, the measures specified in rule 19 (a) (1), (5), (6), (7), (8) and (9) may be taken at the discretion of the Health Officer before *pratique* (which shall be in writing) is given. Rule 19 (b) shall also be applicable to such vessels.

In addition the crew and passengers may be subjected by the Health Officer to surveillance the duration of which, dating from the arrival of the vessel, shall not exceed six days.

The Health Officer may, in his discretion, prohibit the members of the crew from leaving the vessel during this period.

22. Healthy vessels shall be given free *pratique*.

Provided that the Health Officer may in his discretion take the following measures in respect of such vessels—

(i) medical inspection as prescribed in rule 12,

(ii) destruction of rats on board in exceptional cases and for well-founded reasons which shall be communicated in writing to the master of the vessel;

(iii) when the vessel has come from an infected port, the crew and passengers may be subjected to surveillance during a period which shall not exceed six days reckoned from the date on which the vessel left the infected port. In such circumstances, the Health Officer may, in his discretion, prohibit the members of the crew from leaving the vessel during this period.

SPECIAL RULES ON ACCOUNT OF CHOLERA.

23. *Infected vessel.*—A vessel shall be regarded as infected if there is a case of cholera on board or if within the five days prior to the arrival at the vessel in port a case of cholera occurred on board.

Suspected vessel.—A vessel shall be regarded as suspected if, although no fresh case has occurred on board within the five days prior to the arrival of the vessel in port, there had been a case of cholera on board at the time of departure or during the voyage or if a period of five days has not elapsed since the date of the vessel leaving the last infected port or if there is on board a person who within five days of the vessel's arrival in port left an area which was infected with cholera at the time of his leaving such area.

The vessel shall continue to be regarded as suspected until it has been subjected to the measures prescribed by these Rules.

Healthy vessel.—A healthy vessel is any vessel other than an infected or suspected vessel as defined above.

A vessel shall be regarded as healthy if notwithstanding its having come from an infected port or having on board persons from an infected area, there has been no case of cholera on board either at the time of departure or during the voyage or on arrival and if more than five days have elapsed since the vessel left the last infected port and/or since any person on board left any infected area.

Cases presenting the clinical symptoms of cholera, in which no cholera vibrios have been found or in which vibrios not strictly conforming to the character of cholera vibrios have been found, shall be subject to all measures required in the case of cholera.

24. In the case of cholera-infected vessels—

(a) before *pratique* (which shall be in writing) is given—

(1) The vessel shall be inspected and all persons on board shall be medically examined by the Health Officer;

(2) All persons suffering from cholera shall be disembarked and isolated;

(3) All persons suspected to be suffering from cholera shall be disembarked and placed under observation.

(4) The members of the crew and the passengers may, at the discretion of the Health Officer, be disembarked and either be kept under observation or subjected to surveillance for a period not exceeding five days reckoned from the date of arrival of the vessel, provided that persons satisfying the Health Officer that they have been protected against cholera by inoculation effected within the preceding six months excluding the last six days thereof may be subjected to surveillance but not to observation. During the period of the application of the measures specified under this sub-clause the Health Officer may, in his discretion, prohibit the members of the crew from leaving the vessel;

HOME DEPARTMENT.

ESTABLISHMENTS.

New Delhi, the 22nd February 1939.

No. 25/10/39—

In pursuance of clause 4 of the Regulations for admission to the Indian Civil Service by examination in the United Kingdom and in supersession of the notification of the Government of India in the Home Department, No. F.-295/30-Estt., dated the 21st February 1931, the Governor-General in Council is pleased to prescribe the following instructions for the issue of certificates of nationality and age to candidates for the said examination who are of Indian domicile or descent, and who are not in possession of certificates of birth or of baptismal certificates stating the date of birth, namely :—

INSTRUCTIONS FOR THE ISSUE OF CERTIFICATES OF NATIONALITY AND AGE TO CANDIDATES FOR THE INDIAN CIVIL SERVICE EXAMINATION IN LONDON WHO ARE OF INDIAN DOMICILE OR DESCENT.

General.

I. A candidate for the Indian Civil Service examination in London who is of Indian domicile or descent and who is not in possession of a certificate of birth or of a baptismal certificate stating the date of birth, should before leaving India obtain a certificate of nationality and age signed, if he is resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides, or if he is resident in a State in India, by the highest Political Officer accredited to the State in which his family resides. If the candidate has proceeded to England without obtaining the certificate, the certificate may be granted to his father or guardian, provided that the latter produces the requisite evidence, and when making the application states when the candidate went to England, and where he has been residing during his stay in that country.

II. In order to obtain a certificate a candidate is required, if resident in British India, to prove the date and place of his birth and his nationality before the Magistrate of the District in which his family resides, or, if resident in a State in India, before the Political Officer of the State in which his family resides.

III. A candidate who wishes to obtain a certificate must, if resident in British India, signify to the Secretary to Government of the Province or the Commissioner of the Division in which his family resides, his desire to compete, not less than three months before the date on which he proposes to go to England. If resident within a State in India, he must signify his desire in like manner to the highest Political Officer accredited to the State within which his family resides. The Officer to whom the application is made shall forward it for the purpose of inquiry to the Magistrate of the District or Political Officer of the State in which the applicant's family resides.

IV. The Magistrate or Political Officer to whom such application has been forwarded shall call upon the candidate to appear and give evidence of the date and place of his birth and of his nationality within one month. He will carefully examine the value of the evidence given, and forward a summary of it, with certified copies of all documents tendered, and his comments and opinion to the Officer who forwarded the application to him for inquiry.

V. The documentary evidence which a candidate may be expected to produce comprises :—

(a) His horoscope

(b) Family books.

(c) Tripasangam's account books showing entries relating to the birth.

(d) The Matriculation Certificate. If the Matriculation Certificate does not contain sufficient particulars to show that the candidate is qualified by age to enter for the examination, a certificate from the candidate's University or College showing his date of birth as recorded on entering the University or College must also be furnished.

The age of a candidate as recorded on entering his University is regarded as correct unless there is proof to the contrary. If a candidate claims that his age is older than as so recorded he must submit *with his application* the evidence on which he bases his claim. In such a case the Magistrate or Political Officer will require, among other evidence a satisfactory explanation of the circumstances in which a wrong age was recorded at the time of entry into the University. He will also require a statement of any attempts made by the candidate to have the University record amended and of the result of such attempts.

Oral testimony of persons acquainted with the candidate's family or otherwise able to give relevant evidence will also be taken; and the candidate is required to supply, to the best of his power, with any requisition the Magistrate or Political Officer, as the case may be, may make in order to clear up any doubt as to the purport of the documentary proof.

VI. Any declaration of age made after the 21st February 1931, on the occasion of seeking admission in any university examination, educational institution, or Government office, or otherwise recorded in a formal and deliberate manner, will be taken as conclusive evidence in disproof of the subsequent assertion by the same person that he is of different age to that so declared or recorded.

VII. Where the date and place of birth have been formally registered in a register kept by any public officer in British India, and extract from the register duly certified by the proper official shall be accepted as sufficient proof of the date and place of the birth.

In the case of a candidate who is a British subject and whose father is alive.

VIII. If the Secretary to Government, Commissioner of the Division, or highest Political Officer accredited to the State, as the case may be, is satisfied by the papers submitted, he will issue a certificate in the following form setting out the nature of the evidence produced by the candidate :—

'I hereby certify that ..... who is a candidate for the Indian Civil Service examination in London, has submitted the proofs of his birth detailed below* and has satisfactorily shown that he was actually born on or about the date stated, viz., the ..... day of ..... 19 and further I hereby certify that he is a British subject and that his father is a British subject†

a subject of ..... State in India.'

IX. If the Secretary to Government, Commissioner of the Division, or highest Political Officer accredited to the State, as the case may be, is satisfied by the papers submitted, he will issue a certificate in the following form, setting out the nature of the evidence produced by the candidate :—

'I hereby certify that ..... who is a candidate for the Indian Civil Service examination in London, has submitted the proofs of his birth detailed below* and has satisfactorily shown that he was actually born on or about the date stated, viz., the ..... day of ..... 19 and further, I hereby certify that he is a British subject and that his father was at the time of his death a British subject†

X. If the Secretary to Government, Commissioner of the Division, or highest Political Officer accredited to the State, as the case may be, finds reason to believe that the evidence brought forward is not such as to justify the grant of a certificate in the form set out in paragraph VIII or paragraph IX above, the certificate will be refused.

In the case of a candidate who is a Ruler or a subject of an Indian State

XI. If the Secretary to Government, Commissioner of the Division, or highest Political Officer accredited to the State as the case may be, is satisfied by the papers submitted that the candidate has stated the date and place of his birth and nationality correctly, he will

(1) forward the papers with his observations, including any as to the nationality of the candidate's father and mother, to the Government of India or to His Excellency the Crown Representative as the case may be, who will address the Secretary of State with a view to the necessary declaration of eligibility being issued under sub-section (3) of section 262 of the Government of India Act, 1935, and

If any amount is found (other than or subsequently to have been paid by the licensee in excess of the correct tax payable under section 4, such excess shall at the option of the licensee, be credited towards the tax, if any, payable by him for succeeding months or be refunded to him.

22. If in any case the Assessing authority determines the turnover at a figure different from that shown in a return submitted under the provisions of these rules, he shall record his reasons fully in writing and shall furnish the assessee with a copy of such reasons.

23. (1) Every licensee under the Act shall keep a regular account of his daily transactions, showing

If, for any reason, the whole or any part of the turnover of the business of a licensee has escaped assessment to the tax in any year, or if the tax or fee has been assessed at too low a rate, the assessing authority may at any time within the year or within the year next succeeding that to which the tax or fee relates revise the tax or fee and fix the correct amount of the tax or fee, after issuing a notice to the licensee and after making such inquiry in the manner laid down in rule 19.

35. (1) An assessing, appellate or revising authority may, at any time within one year from the date of any order passed by him, rectify any mistake apparent from the record.

Provided that no such rectification shall be made if it has the effect of enhancing the assessment or fee unless the authority concerned has given notice to the licensee of his intention to do so and has allowed him a reasonable opportunity of being heard.

(2) Where such rectification has the effect of reducing the assessment or fee, the authority concerned shall make any refund which may be due to the licensee.

(3) Where any such rectification has the effect of enhancing the assessment or fee, the authority concerned shall serve on the licensee a revised notice in Form 'D' or a demand for the additional fee as the case may be and thereupon the provisions of the Act and of these rules shall so far as they be applicable apply as if such notice had been served as such demand notice in the first instance.

36. The service on a licensee of any notice or order under the Act or these rules may be effected in any of the following ways, namely :—

(a) by giving or tendering it to such licensee or his manager or agent ; or

(b) if such licensee or his manager or agent is not found, by leaving it at his last known place of business or residence or by giving or tendering it to some adult member of his family ; or

(c) if the address of such licensee is known to the assessing authority, by sending it to him by registered post ; or

(d) if none of the modes aforesaid is practicable, by affixing it in some conspicuous place at his last known place of business or residence.

(2) Nothing in sub-rule (1) shall apply to the disclosure—

(v) of any such particulars occasioned by the lawful exercise by a public servant of his powers under the Indian Stamp Act, 1899, to impound an insufficiently stamped document.

38. (1) The order of an appellate or revising authority shall be communicated to the appellant or petitioner, to every other party affected by the order, to the assessing authority and to any other authorities concerned and the assessing authority against whose order the appeal was filed.

(2) The assessing authority shall take steps to refund any tax or fee which might have been collected in excess and shall also have power to collect any additional tax or fee which may become due in consequence of the orders passed in the same manner as if it were a tax or fee assessed by himself.

39. If the tax be determined in an appeal or revision in exercise of the powers of assessment of the initial assessing authority, the appellate or revising authority shall transfer the original records of assessment to the appropriate assessing authority who shall have power to collect the tax due in the same manner as if it were a tax assessed by himself.

Disposal of confiscated articles.

40. (1) When orders are received from a competent authority for the confiscation of anything seized under the Act, it shall, with all convenient despatch, be sold or destroyed by the person in charge thereof, as the authority ordering the confiscation may direct.

(2) If the article confiscated is of a perishable nature its sale shall not be postponed on account of the preferring of an appeal or revision petition against the order of confiscation.

(4) Things ordered to be released or the proceeds thereof, if they have been sold, shall at once be given up or paid, as the case may be, by the person-in-charge thereof to the owner or his agent.
